

# Security Cameras

12/31/2025 2:07 pm EST

If someone asks for security camera footage, that would be a public records request and should go to the Community Relations Chief.

Matt Reed ([mtreed@columbus.gov](mailto:mtreed@columbus.gov)) manages the security cameras for the department.

- Helpful if the police call and ask for the person who can assist with camera locations.

Use the [Building Maintenance WO system](#) if there is an issue with a security camera.
