

Park Maintenance (Snow Removal)

02/13/2026 8:57 am EST

Thank you for contacting the Columbus Recreation and Parks Department! We are aware of the widespread snowfall and are actively working to clear all parks and trails. Our crews are following a priority schedule, focusing first on making parks safely passable before completing full clearing efforts. We appreciate your patience and understanding as this work continues.

Thank you and have a great day!
